SAND & GRAVEL, READJUSTMENT OF RATES---ML 1766

Mineral lease No. 1766 was issued in 1947 with provision for a readjustment of terms and conditions by the lessor at the end of each ten year period. Accordingly, at the end of the third ten year period (1977), Mr. Prince notified the lessee by certified letter of the States intention to increase rental from .50¢ per acre to \$1.00 per acre and to increase royalty from .03¢ per cubic yard to 12½% of the value of all sand and gravel produced from the leased lands. The lessee failed to respond to Mr. Prince's letter. In following up on this matter, Mr. Blake has spoken with the lessee, Cedar City Corporation, who now indicates a willingness to pay the higher rates as previously requested by Mr. Prince; therefore, upon recommendation of Mr. Blake, the Director approved the rental rate of \$1.00 per acre per year and a production royalty of 12½% of the gross value of sand and gravel produced, effective January 1, 1980 and the lease to be renegotiated once again, if still in effect, at the end of calendar year 1987.

STATEWIDE BOND

Arkla Exploration Company has submitted corporate Surety Bond #64535843, in the amount of \$25,000.00, with the Aetna Casualty and Surety Company as surety, for reclamation and performance on its State minerals leases Statewide. The Bond appears in order and upon recommendation of Mr. Blake, the Director accepted this bond.

ASSIGNMENT OF WATER RIGHTS APPLICATION UNDER GEOTHERMAL STEAM LEASE  
ML 25128

The lessees under ML 25128, O'Brien Resources Corporation, Thermal Power Company, and Amax Exploration, Inc., have instituted in the name of the State of Utah an Application to Appropriate Water No. 38669. The lessees under ML 25128 have completed a producible geothermal well on lands covered by this lease, Section 16, Township 27 South, Range 9 West, SLM.

The lessees have now submitted a request that the State of Utah assign this water right to the lessees. The assignment contains provisions that this water right application and any water rights obtained thereunder will revert automatically to the State of Utah upon the termination of State of Utah Geothermal Steam Lease ML 25128. The lessees feel that they need to have the water rights in their name for the life of the operations under this lease. The Staff concurs in their feeling that it would be better to have the water rights in their name; therefore, the Director approved the assignment of this water right from the State of Utah to the lessee under ML 25128.

CORRECTION AGREEMENT AND ASSIGNMENT, OIL AND GAS LEASE SL 071567

Oil and Gas Lease SL 071567 covers All Section 2, Township 17 South, Range 23 East. The lease was originally issued as a United States oil and gas lease, but jurisdiction was transferred to the State of Utah upon approval of the survey of this land and passing of title to the State of Utah July 2, 1969.

The lease was originally held by Westwater Joint Venture who then transferred their interest to Willard Pease Oil and Gas Company subject to a 5 percent overriding royalty and reserving an additional 5 percent overriding royalty. Oil Resources, Inc. held a portion of the original 5 percent overriding royalty in the amount of 2.7075 percent. Polumbus Petroleum Corporation then acquired the lease and also acquired Oil Resources Inc.'s portion of the overriding royalty. Polumbus Petroleum Corporation was subsequently merged into Grace Petroleum Corporation, and Grace Petroleum Corporation has now transferred their interest in this lease to J. C. Thompson.

The records of this office indicate this lease being subject to 10 percent overriding royalty interest, and all the parties to the lease have submitted an agreement to reflect that the overriding royalty interest acquired by Polumbus Petroleum Corporation from Willard Pease Oil and Gas Company and Oil Resources, Inc. should have been merged back into the lease interest and that our records should only show a 7.2925 percent overriding royalty interest in this lease.

Upon recommendation of Mr. Prince, the Director approved this recommendation that this agreement be placed in the file of this lease.

OIL AND GAS DRILLING BOND, OIL AND GAS LEASE SL 071567-State

J. C. Thompson, lessee under oil and gas lease SL 071567-State has submitted a bond in the amount of \$5,000 to cover his operations under this lease. This bond has Travelers Indemnity Company, bond No. 863 E 6778, as surety.

This bond is in order, and I recommend that it be accepted to cover Mr. Thompson's operations under this lease.

EXTENSION OF OIL, GAS AND HYDROCARBON LEASE ML 29295-A

ML 29295-A covers the E½ Section 32, Township 20 South, Range 22 East, SLM. This lease would have normally expired July 31, 1979; but the Lessee, NP Energy Corporation was conducting drilling operations under their State 32-3 well over this expiration date. Therefore, the term of this lease should be extended to July 31, 1981.

Upon recommendation of Mr. Bonner, the Director approved this Unit.

REQUEST FOR APPROVAL OF THE COMMUNITIZATION AGREEMENT

Township 8 South, Range 21 East, Sec 36: S $\frac{1}{2}$

Conoco Inc., operator of the drilling unit comprising the S $\frac{1}{2}$  Section 36, Township 8 South, Range 21 East, SLM., containing 320.00 acres, has submitted a request for approval of a communitization agreement covering this land. This agreement correctly shows the interest of the State of Utah in this land. The only State lease is ML 22051, Gulf Oil Corporation lessee, containing 80.00 acres or 25% of the communitization area.

This agreement is in order, and upon recommendation of Mr. Bonner, the Director approved this Communitization Agreement.
